

CASP Tips - Cloning Assessments

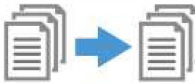

The Clone Assessments tool allows you to copy and paste your assessment answers from one orchard to another. Follow the steps below to clone the assessments for your orchards, then review and make any changes necessary to your assessment answers afterward. Two options are available to meet different cloning needs.

Cloning Options

(You will have the ability to edit individual assessments after cloning.)

- ☒ Option 1: Choose which orchards and assessments to clone. This option copies data from the selected orchard to other(s).

- ☐ Option 2: Clone assessments for all orchards from the past to the current crop year. Use this option if you have not started answering assessments for the current year. **NOTE: This option overwrites the current crop year with historic data.**

REVIEW ASSESSMENT QUESTIONS

NEXT >

Option 1

Cloning assessment answers from one or more blocks.
(If you are new to CASP, and have completed assessments for current year.)

Option 2

Cloning all assessment answers of all orchards from previous crop year to the new crop year.
(If you completed CASP last year.)

Option 1- Choose Which Orchard & Assessment to Clone

Cloning Options

(You will have the ability to edit individual assessments after cloning.)

Option 1 Selected

☒ Option 1: Choose which orchards and assessments to clone. This option copies data from the selected orchard to other(s).

☐ Option 2: Clone assessments for all orchards from the past to the current crop year. Use this option if you have not started answering assessments for the current year. **NOTE: This option overwrites the current crop year with historic data.**

REVIEW ASSESSMENT QUESTIONS

1

Choose the completed and submitted orchard that you want to clone from, to other blocks.

3

Select the orchard blocks you want to clone to

Clone Assessments

The Clone Assessments tool allows you to copy and paste your assessment answers from one orchard to another. Follow the steps below to clone the assessments for your orchards, then review and make any changes necessary to your assessment answers afterward.

Choose which orchards and assessments to clone

1 Choose the SOURCE crop year, organization, and orchard that you want to clone (this is the orchard from which you are copying assessment answers)

Organization: AA | almond board of california
Orchard: Block 1 (80 acres)
Crop year: 2022

2 Choose the assessment subsections you want to copy

Business Management	Orchard Practices
☒ Operations Management ✓	☒ Irrigation Management ✓
☒ Financial Management ✓	☒ Nutrient and Soil Management ✓
☒ Energy Efficiency ✓	☐ Numeric - Yield, Water and Soil ✓
☒ Workplace Management ✓	☒ Pest Management ✓
☒ Neighbors and Community ✓	☒ Ecosystem Management ✓
	☒ Bee Health and Pollination ✓
	☒ Energy Efficiency and Air Quality ✓

✓ All valid questions answered ⚠ Some questions answered ✗ No questions answered

3 Choose the TARGET (orchards) for 2022 crop year (these are the orchards to which you are pasting assessment answers)

Enterprise: CALE

Note: Processing time to complete cloning depends on the number of orchards involved. This may take a few minutes if cloning to multiple orchards.

☐ AA | almond board of california_M_Roots - Block 1A (180 acres)

☒ AA | almond board of california_M_Roots - Block 2 (50 acres)

☒ AA | almond board of california_M_Roots - Block 2B (250 acres)

☐ Stewardship Farms - Orchard 1 (112 acres)

☒ Stewardship Farms - Orchard 2 (250 acres)

2

Verify the sections that you want to be cloned, that are already completed.

If orchard practices differ, you may not want to clone those sections.

The numeric responses shouldn't be cloned, as they vary year to year, and block to block.

Option 2 - Previous Crop Year to New Crop Year

Cloning Options

(You will have the ability to edit individual assessments after cloning.)

☐ Option 1: Choose which orchards and assessments to clone. This option copies data from the selected orchard to other(s).

☒ Option 2: Clone assessments for all orchards from the past to the current crop year. Use this option if you have not started answering assessments for the current year. **NOTE: This option overwrites the current crop year with historic data.**

Option 2 Selected

REVIEW ASSESSMENT QUESTIONS

NEXT >

If you already assessed your orchards last year, or other previous years, clone **ALL ORCHARDS** from one year to the current year (2023 crop year).

Clone ALL ORCHARDS from a previous crop year to the current crop year

Choose the crop year that you want to clone (this copies data from the selected year to the current year).

Attention! If you have started answering questions for the current crop year, click <Back, click the first option and choose which orchards and assessments to clone.

FROM

Crop year: 2022

TO

Current crop year: 2022

< BACK

CLONE

1. Select the **FROM** year, the data you want to clone (most likely last year).

2. Click the **CLONE** button to copy to current years assessment.
